Terminal Association Executives Discuss Compromise, but Reached No Conclusions.

MORE TERMINALS PLANNED.

Union Station Facilities to Be Increased to Six Times the Present Capacity for Receiving and Turning Out Trains.

The meeting of the Terminal Association yesterday resulted in no definite statement as to the status of the Wiggins Ferry conas to the status of the Wiggins Ferry con-troversy. A compromise involving more than \$10,00,000 is now a question of how soon the constituent lines of the Terminal, on the one side, and the Rock Island, on the other, can get together. Fencing between financial giants is now in play.

After the meeting the statement was made that the Terminal Association, tech-nically, has not been the clients of the Mis-sissippi Valley Trust Company.

The Noes have simply formed an outside combination for the control of the ferry

REPUBLI, SPECIAL.

Savannah, Mo., May 24.—The Republicans of Andrew County met in convention here to-day to elect delegater to the two State conventions. John Albus, Surveyor of Customs at St. Joseph, was here working among the delegates to get an indorsement for State Chairman Akins, but failed. However, a majority of the delegates to the Jefferson City Convention favor Akins.

Among the resolutions unanimously adopted by the convention was the following:

Resolved, That we condemn the political methods of our National Committeeman, R. C. Kerens, whose efforts to become dictator in Republican counsels are contrary to the spirit of Republican institutions and repugnant to the principles of American freemen. Republicans need no boss.

JUMPED ABOUT

Until He Found the Right Food.

What a hades some people go through because their food does not supply the right kind of nourishment to the body. Take the following for example:

A gentleman in Baltimore says: "About two years ago I began to experience a peculiar depression occasionally, with pains in the back part of my head and down along the spine. Gradually my eyesight began to fail and my memory grew poor. A general rervousness set in. I used all the will power I could command to help myself, but was forced to give up a good position and seek the advice of the family doctor. He said neurasthenla, and sent me to a great nerve specialist. So for four months I was massaged and dosed with medicine, but all to no benefit; then I went to New York and consulted Doctor —. He sent me to another great specialist, and he in turn sent me to — Sanitarium, where I stayed for a long time.

"It was the same old story. I was dosed with medicine and massaged and bathed. Finally I left there and went to snother specialist, who told me I would only live a few months. This rather frightened me, and I placed myself under Dr. —. He said the stomach was at fault, and probably I had not been given the right kind of food.

"He put me on a certain line of treatment and insisted that I use three or four tes-

bly I had not been given the right kind of food.

"He put me on a certain line of treatment and insisted that I use three or four teaspoonfuls of Grope-Nuts each meal. I was under his care for several months. I steadily improved, until now I am fully restored to both mental and bodily vigor.

"He explained to me that Grape-Nuts contains a goodly portion of phosphate of potash, a nerve and brain food, and that the food, being partially digested, the system could make use of it easily. At any rate, I got well, and both the doctor and myself know that Grape-Nuts made it possible.

"I sincerely believe that practically all of our nervous troubles are caused by imperfect nourishment. It was fortunate for me that I could get such a food as Grape-Nuts. You can use this letter, but don't publish my name, please." Name given by Postum Company, Battle Creek, Mich.
